

# R2 Ranch "Source For Success" Sale

## October 11, 2003

*1 p.m. • at the Guadalupe Cattle Co., New Braunfels, Texas*

---

**Selling 75 Lots of Red Brangus,  
Red Angus and Angus Plus**

# Welcome To R2 Ranch

R2 Ranch "Source For Success" Sale

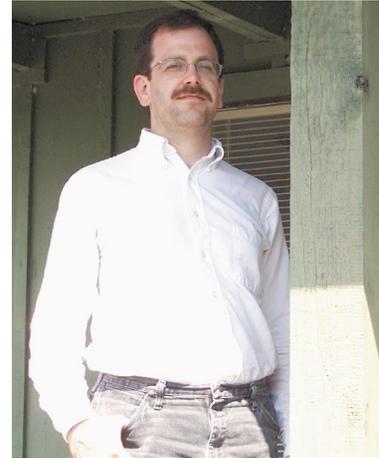

Red Brangus • Red Angus • Angus Plus

***I would like to welcome everyone to our Third Annual "Source for Success Sale":*** Things continue to change, and I think improve around the R2 Ranch. I want to produce heat tolerant red cattle that will work with no pampering and minimal inputs, and still yield and grade. We are trying to register all of our cattle in the ARBA, RAAA and IRBBA as eligible. We will have information on sale day as to which cattle are registered with which associations.

We now ultrasound all of our yearling cattle to get carcass information. We need to know what is working. Doug and I appreciate hearing from our customers when the cattle work out great, but we need to know what doesn't work too, so that each year there will be less that doesn't work. To that end, the ranch is moving most of its Red Brangus to spring calving, (a number of them will winter calve this year). And also in the name of what works, we are feeding our cattle less every year and still getting what I think are good weaning weights — averaging over 560 pounds on our spring '03 Red Brangus /Angus Plus bulls. I think we have a great set of cattle to sell to you this year. I hope you like the cattle, I would happy to keep any of the females we are selling today in the herd.

We are all going to miss John Joyce and the help he gave our program and the interest he was starting to take in our red, Brahman-influenced cattle. Fortunately, with Doug Marburger now being fully integrated into our operation, he has been able to take some of the load off of me in preparing for this sale. Doug, Charles Atkinson and I have selected the cattle for our '04 show string. I look forward to another successful season in the show ring. Once again we will not be showing any Red Brangus females as "Your Source for Success," we shouldn't be out there competing against you.

**Richard Luciano**

I want to let everyone know how we are going to be running the R2 Ranch Junior Jackpot this year. On the advice of last year's judge, Carlos Guerra and the late John Joyce, we are going to be changing the prize money around some. We will still have three belt buckles—one each for Grand Champion, Reserve Grand Champion and Showmanship. But this year there will prize money for Showmanship as well. The suggestion was made that not everyone can afford the best heifer out there and rewarding a job well done is important. I wholeheartedly agree. But I want to make sure that everyone knows that the 2003 Grand Champion sold for \$2,450 and the 2002 Reserve Grand Champion sold for \$1,000. The high selling animal is not always the best.

Next year's Junior Jackpot will be held April 24, 2004. Eligibility will be limited to members of the AJRBA, JRAA, and IJRBA. The member must also qualify under the Houston Livestock Show's eligibility requirements. The heifer must not have won the R2 Ranch Junior Jackpot before. If a heifer won reserve previously that animal is only eligible for Grand Champion prize money, not money in classes, divisions, Reserve Grand Championship or Showmanship awards. The heifer must be under three years of age. If the heifer is over 22 months of age, she must either be bred, have a calf at side of less than 150 days of age, or have been part of an embryo transfer program within the previous 120 days. Eligible cattle include all females sold by R2 Ranch, LLC, calves born to bred females sold by R2 Ranch, LLC, and calves born to R2 branded heifers by R2 branded bulls or any bulls owned (including fractionally) by R2 Ranch. Prize money in 2004 will be: \$7,500 for the Grand Champion; \$5,000 for Showmanship; \$3,750 for Reserve Grand Champion; \$500 per division winner; \$100 per class winner; and \$50 second in class.

Thank you and I hope you like our cattle,

Richard Luciano, owner

## Be With Us On Sale Day!

**Doug Marburger**

I am very excited to present to you the offering for our Third Annual "Source For Success" Sale. During the past year, several people have wanted to come and pick show heifers and bred or open replacement heifers to buy private treaty. I have told them we are selling all our females through our production sale in October. Well, October is here and we are proud to offer you the "top of the crop." They have not been picked over. This is a true production sale. Every animal in the sale has been bred and raised by R2 Ranch and has come out of the best bloodlines in the breed. We welcome you to come and see for yourself.

I believe the future for Red Brangus/Red Angus is a bright one. We have had a great amount of interest in our red cattle, both from commercial cattlemen and registered breeders as well. I think the news is finally getting around that these red-hided cattle are working—in the pasture, the feedyard, and especially on the dinner plate. One proof of this is that several marketing alliances active in the beef industry today are requiring that their calves be sired by Red Angus-influenced bulls. As demand for Red Brangus/Red Angus-influenced cattle gains momentum, we as seedstock producers are sitting in the drivers seat. Don't miss

this opportunity to get some of the best genetics in the Red Brangus/Red Angus breeds.

I look forward to seeing you at the sale on October 11. If I can be of any help, please give me a call.

Doug Marburger, R2 Ranch Manager

### Buyer Incentives

**Semen With Purchase**

With the purchase of each female lot in the R2 Ranch Sale, October 11, 2003, buyers will receive two (2) units of semen on any Red Brangus or Red Angus reference sire indicated with an asterisk in the 2003 R2 Ranch Sale catalog reference sire listing on pages 32-34. ●

**Third Annual Junior Jackpot  
April 24, 2004**

Every heifer purchased by a junior member from the R2 Ranch program is eligible to compete at this exclusive show. The R2 Ranch Junior Jackpot is an annual event designed to benefit junior members of the Red Brangus and Red Angus Association. ●

# Spring '03 Show Heifer Prospects

R2 Ranch "Source For Success" Sale

Red Brangus • Red Angus • Angus Plus

## Spring 2003 Open Show Heifer Prospects Lots 1-14

We feel like this group of heifers has tremendous potential in the show ring as well as in the pasture. They not only look extra special, but they are out of some of the most elite bloodlines in the Red Brangus and Red Angus breeds. Purchase of one of these heifers could give you a competitive edge in next year's R2 Junior Jackpot.

# Fall '02 Show Heifer Prospects

R2 Ranch "Source For Success" Sale

Red Brangus • Red Angus • Angus Plus

## Fall 2002 Open Show Heifer Prospects Lots 15-24

This group of heifers is one breeding season older than the first group of show heifer prospects. Since they are quite a bit larger, we have had them at a professional fitter being halter broke. They will not be completely finished by sale time, but they should be started so a junior can handle them better.

## Second Annual R2 Ranch Junior Jackpot Futurity

R2 Ranch, LLC, hosted their second Red Brangus and Red Angus Junior Jackpot Futurity on April 26, 2003 at the Guadalupe Cattle Co. This futurity attracted several members of the American Junior Red Brangus Association and Junior Red Angus Association. Heifers shown in the futurity were purchased from R2 Ranch.

Charlotte Atkinson of Wharton, Texas won the futurity with her entry R2 Miss Extra Better 233M born March 1, 2002. The champion heifer was awarded a total of \$10,600. Mickey Ivey of Clyde, Texas exhibited the reserve grand champion with a February 6, 2002 heifer, R2 Miss Extra Better 193M. She received a total of \$5,100 for this reserve champion. The

Richard Luciano (far left) presents a \$10,000 check to Charlotte Atkinson of Wharton, Texas.

Mickey Ivey of Clyde, Texas, earned the reserve grand champion honors at the R2 Ranch Futurity.

exhibitors of the grand champion and reserve grand champion heifers also received belt buckles. In the showmanship division Bruce Wied of El Campo, Texas was selected champion showman and was presented a belt buckle. More the \$16,500 was paid to the junior exhibitors who participated in the futurity.

## Spring 2002 Bred Heifers Lots 25-48

This is an excellent set of young heifers. They are confirmed pregnant and bred to calve from January 29, 2004 to March 30, 2004. They were synchronized and AI'd to top sires on April 24, 2003. Clean-up bulls were turned in May 7, 2003 and taken out on June 24, 2003.

## Fall 2001 Bred Heifers Lots 49-63

All confirmed safe in calf. Should calve November 20, 2003 to February 4, 2004. These heifers are NOT Official Brucellosis Calfhood Vaccinated. TAHC says that these heifers entering a brucellosis free herd in Texas, will not affect your free status since they are from our brucellosis free herd. However, they ARE NOT eligible for export to Mexico. Three states in the U.S. will not accept these heifers. Be sure to check your state regulations if you are not from Texas.

## R2 Heifer Named Grand Champion At National Show

Charlotte Atkinson, Wharton, Texas, showed a heifer purchased from R2 Ranch, to the Grand Champion Heifer honors at the 2003 National Red Brangus Show held in conjunction with the San Antonio Livestock Exposition.

## R2 Ranch Fares Well At Spring Livestock Shows

Out on the show road this spring, R2 Ranch had exceptional showings at both the San Antonio Livestock Exposition and the Houston Livestock Show and Rodeo. In San Antonio at the National Red Brangus Show, R2 exhibited the Reserve Junior Champion Bull with Mr. R2 Special Edition 201L. Special Edition was also Reserve Junior Champion Bull at Houston. R2 None Better 351M was selected as the Reserve Calf Champion Bull in Houston. Both of these bulls have a future in the R2 breeding program.

"At R2 Ranch we see the whole industry moving toward carcass quality," said Richard Luciano, owner.

"We have started testing our herd sires using GeneStar testing for tenderness and marbling. The tenderness test determines if an animal carries zero, one or two copies of a particular gene that influences tenderness. The same is true of the marbling test. These genes are not all that determines tenderness or marbling, but they provide us with another piece of the puzzle. We plan to expand our use of the tests over the next year," said Luciano.

With the industry leaning more and more to source verification, R2 Ranch plans to be on the cutting edge. "Our goal is to produce the best quality red cattle," said Luciano.

## From The Owner...

"We ultrasound all of our yearling cattle to get carcass information. We need to know what is working. Doug and I appreciate hearing from our customers when the cattle work out great, but we need to know what doesn't work too, so that each year there will be less that doesn't work. And also in the name of what works, we are feeding our cattle less every year and still getting what I think are good weaning weights - averaging over 560 pounds on our spring '03 Red Brangus /Angus Plus bulls. I think we have a great set of cattle to sell to you this year. I hope you like the cattle, I would happy to keep any of the females we are selling today in the herd."

—Richard Luciano

 Spring '02 Bulls

We have started testing our herd sires using the GeneStar test for marbling and tenderness genes.

## *Red Angus Sires...*

**Buffalo Creek Dynaband 5612** is sire that I have been very pleased with. Dynaband gives us low birth weights combined with performance, and the cattle are moderate and correct. Dynaband received one star for the marbling gene and two for the tenderness gene from GeneStar.

**Glacier Mountaineer 160** was purchased at the NILE in Billings, Montana as a bull calf. He has two copies of both the marbling and tenderness GeneStar genes. He has a wonderful phenotype. He is the smallest herd sire on the ranch, but he is siring performance. He sired the second high weaning Red Angus bull for us in our spring calf crop, R2 Mountain Man 705N. Look for Mountain Man in our show string in 2004. We look forward to watching his EPD proof improve.

**Leachman Bandito Cinco 1780H** is still my favorite of the six flushmates of Eleanor x Robin Hood that Leachman sold for an average of \$19,000. Cinco's EPDs keep getting better. He is below average for birth weight, while being in the top 10% for weaning weight and 5% for yearling weight. He is also in the top 10% for ribeye area and he has two stars on the GeneStar marbling test.

**Leachman MarbleShooter 1027K** is a carcass bull deluxe. He has great carcass EPDs and has two stars each for both marbling and tenderness.

**Leachman Marias 1628K** sired our high selling female last year. He sired performance and style, unfortunately the bull had a stroke and died earlier this year.

## *Off Percentage Sires...*

**M&M Prototype 2400** is an off percentage (approximately 3/8 Brahman) son of Ramrod's Gold 30/7 of moderate frame, who sires high performing cattle. He has two copies of the GeneStar tenderness gene. I like his calves a lot and he will clean-up almost all of our off percentage cows next spring.

**M&M Little John 30/8** is a former ARBA national champion. Little John has sired some calves that were too large for my taste, but as we have culled cows that produced excessive birth weights, we find many of Little John's calves are moderate. Little John is the only Red Brangus bull that we have tested that has two copies of both the marbling and the tenderness genes from GeneStar. Unfortunately, his libido has hurt him. He went over a fence to get to a cycling cow and the last things over the fence were his testicles. We haven't been able to collect any more semen since then. Although we hope he will come back into production.

## *Quarter Blood Sires...*

**M&M Crusader 548/0** is a 1/4 blood bull who was Reserve Grand Champion in Houston in 2002. He sires low birth weights and smaller mature cattle than 2002's Grand Champion, **M&M Headstart 548/9**. Both 548/0 and 548/9 have a place in our program. 548/9 puts more growth (both to weaning and maturity in cattle that need it). And 548/0 moderates those that need it.

**M&M Monument 14/0** is a bull that we sold to Brazil. I like his phenotype a lot, but the heifers selling in this sale are carrying his first calves so we will need to see how they turn out.

**Section M 991/8** is a 1/4 blood herd sire, we bought at Charlie Parker's sale. He is from Bruce Monroe's great 99 cow family and RA Brown None Better 413. The 99 cow family all but guarantees fertility.

## *Half Blood Sires...*

**M&M Trademark 768/9** is my favorite 1/2 blood sire today. We sold him to Australia last year, but we still have more than 1,000 straws of semen and are using him heavily. I predict he will produce our next 1/2 blood herd sire. It might even be one of those on the ground already. Trademark works, he settled cows consistently, he produces calves with growth and eye appeal. I plan to send a straw of his semen for GeneStar testing later this year.

**Mr Section M 631/5** is our senior resident 1/2 blood herd sire. He does a lot of things right, but I think we can do better. We have had a streak of bad luck with 1/2 blood herd sires. We have an F1 sire that we have started using, Mr. R2 Martanic F1 A13L, and a number of 1/2 blood bull calves looking to step up and take the places of TCR 7159 "Tabletop" who died; M&M Big Mac 15/9 who despite repeatedly passing BSEs would not settle cows; and M&M Style 571/6, who had a sheath infection and fertility problems.

## *Three-Eighths Herd Sires...*

**Talento de RockBrook 895H3** is a bull that I bought an interest in two years ago from Mike Wooten. Talento is a stout red bull from black Brangus parents. Talento has sired my best multi-generation 3/8 cattle.

**Mr. R2 Special Edition 201L** is a 3/8 x 5/8 bull out of M&M Ms. 201/41 (33/64 Brahman) and M&M Red Time Gold 52/7 (15/64 Brahman). This makes him an exact 3/8 x 5/8, but he is not IRBBA registered as his parents are off percentage animals.

**LMAN BANDITO CINCO 1780H**

Except for those stated in the terms and conditions below, there are no warranties, either expressed or implied, as to the merchantability or fitness for a particular purpose with respect to the cattle being sold at this auction. The warranties and guarantees set forth in these Terms and Conditions are in lieu of all other warranties, either expressed or implied, and the remedies provided herein shall be the sole and exclusive remedy for the buyer, or any party through the buyer, for any breach of warranty or guarantee herein provided, and all other obligations or liabilities.

A. The following terms and conditions of sale are adapted from those recommended for use by all members of the Red Angus Association of America.

B. Copies of those terms and conditions of sale are available upon request from the Red Angus Association of America. All cattle in this sale are offered according to the laws of the State of Texas. The right to bid, as provided under law, is reserved for all sellers unless otherwise announced.

**1. BIDDING:** The auctioneer in charge will settle any disputes as to bids, and his decision shall be final.

**2. TERMS:** All terms are cash or check unless satisfactory credit arrangements have been made with sale management prior to sale.

**3. PURCHASER'S RISK:** Each animal becomes the risk of the buyer as soon as sold, but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to buyer, until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner.

**4. CERTIFICATE OF REGISTRY:** A transferred certificate of registry will be furnished to the buyer for each animal.

**5. HEALTH:** All animals are eligible for interstate shipment, except as otherwise announced. Interstate health papers will be furnished for each animal requiring Tuberculosis and Brucellosis tests in accordance with federal regulations.

**6. AI/NON-OWNER BULL PERMITS:** AI/Non-Owner Bull Permits shall be furnished by the seller, at no cost to the buyer, for all females bred artificially or naturally to bulls not owned by the seller.

**7. ANNOUNCEMENTS:** Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

**8. BREEDING GUARANTEE:**

A. All animals are guaranteed by the seller to be breeders with the exception of,

(1) Calves less than 12 months of age.

A. Animals shown by the purchaser after the sale. The breeding guarantees, if any, shall be as agreed upon between seller and buyer.

b. Gross negligence or will misconduct on the part of the buyer.

B. Bulls are guaranteed breeders if not allowed to run within herd until at least 14 months of age. Any bull that either, (1) settles one-third or more of the healthy cows he serves, (2) is the sire of 20 or more animals, or (3) settles cows by natural service and passes a fertility test

made by a competent veterinarian during any six-month period of trial (provided for in paragraph 10B of Options and Privileges of Return or Adjustment, in this section) shall be considered a breeder. Any guarantees with respect to the ability to freeze semen shall be by separate agreement between buyer and seller.

C. Safe in Calf Females have been examined by a competent veterinarian and are so guaranteed.

D. Served females are believed to be in calf but are not so guaranteed.

E. Pasture-bred females have been exposed but are not guaranteed to be sale in calf.

F. Open females have not been served and are so guaranteed.

**9. IDENTIFICATION:** Seller offers each animal with readable tattoos or brands corresponding to its registration.

**10. OPTIONS AND PRIVILEGES OF RETURN OR ADJUSTMENT:**

A. All claims for adjustment or refund must be made in writing within six (6) months of the sale date or not later than six (6) months after the animal reaches 18 months of age, with the exception of claims involving defect of parentage.

B. In the event an animal is claimed to be a non-breeder, the animal may be returned to the farm/ranch of the seller if in good condition and complying with the health requirements of the seller's state. The seller shall be entitled to six months trial following the return of the animal in which to prove the animal is a breeder. If at the end of six months the seller is unable to prove the animal is a breeder, the seller, at the option of the buyer, shall replace the animal with another of equal value or refund the purchase price. The return of the full purchase price shall in any case be deemed full satisfaction and settlement. Any expenses incurred for transporting an animal claimed to be a non-breeder shall be the responsibility of the buyer; except that the seller shall be responsible for transportation cost in excess of the distance between the buyer's farm/ranch and the location where the sale took place. If the seller proves the animal to be a breeder, it shall be the obligation of the buyer to take delivery of the animal and pay all expenses incurred for transportation.

C. If a female sold as safe in calf proves not be in calf, the buyer may receive service from the bull previously used. If the bull is not available, the seller shall be obligated to make a satisfactory adjustment to the purchase price upon return of the animal to the farm/ranch of the seller. Any adjustment provided for herein shall absolve the seller from further liability, except in the case such as female proves to be a non-breeder. If a female represented as safe in calf at time of sale proves to have been bred to a different bull, the seller shall be obligated to make a satisfactory adjustment on the purchase price upon return of the animal to the farm of the seller (adjustments shall not be considered to be a breeding fee or an allocation of the purchase price to any unborn calf.) Any expense incurred for transportation shall be the responsibility of the buyer, except that the seller shall be responsible for transportation cost in excess of the distance between the buyer's farm/ranch and the location where the sale took place.

**11. DEFAULT:** In the event of the buyer defaults on payment, the buyers shall be responsible for all costs, including attorney's costs, incurred by sale management or seller in connection with collecting, or attempting to collect, payment due.

# Terms And Conditions

R2 Ranch "Source For Success" Sale

Red Brangus • Red Angus • Angus Plus

## 12: GENETIC DEFECT AND PARENTAGE GUARANTEE:

A. All animals are guaranteed by the seller not to produce calves with the following defects: DWARFISM, DOUBLE MUSCLING, PARROT MOUTH, OSTEOPERTOSIS (marble bone disease) and SYNDACTYLISM (mule foot). The parentage of all animals bred by the seller is guaranteed to the extent that the animal is by the sire and out of the dam that is indicated on its registration paper. These guarantees are effective for a period of two years from date of sale only under these conditions.

1. The buyers shall notify the seller in writing immediately upon birth of calf suspected of being defective or immediately after determination is made that such calf is defective or if parentage is suspect or found to be in error.
2. The seller, as his expense shall be permitted, and proved with reasonable opportunity, to obtain blood samples of alleged defective calf and its sire and dam for the purpose of DNA or blood type analysis to establish parentage. In the case of suspect parentage, the buyers, at his expense, shall be permitted, and provided with reasonable opportunity, to obtain samples of the animal in question and its sire and dam for the purpose of DNA or blood type analysis to establish parentage. If sire and dam, as indicated on the animal's registration certificate, are proven to be in error by such analysis, seller shall reimburse buyer for cost of analysis.
3. The animals will be returned by the buyer to the seller at the buyer's expense, provided the animals meet the health requirements of the seller's state.
4. The replacement of an animal with another of equal value or the refund of the purchase price in connection with a defect producing

animal or an animal whose parentage is in error shall be deemed full satisfaction and settlement.

5. In the event there is a dispute as to whether or not a calf is defective, or parentage is in error, determination referred to in above, shall be made by a person or persons acceptable to both the buyer and seller, and in the event the buyer and seller cannot agree on the selection of such a person or persons then each of them shall appoint a representative to make the determination. In the event that such representatives fail to agree, a third person selected by the representatives of the buyer and seller shall make the determination.

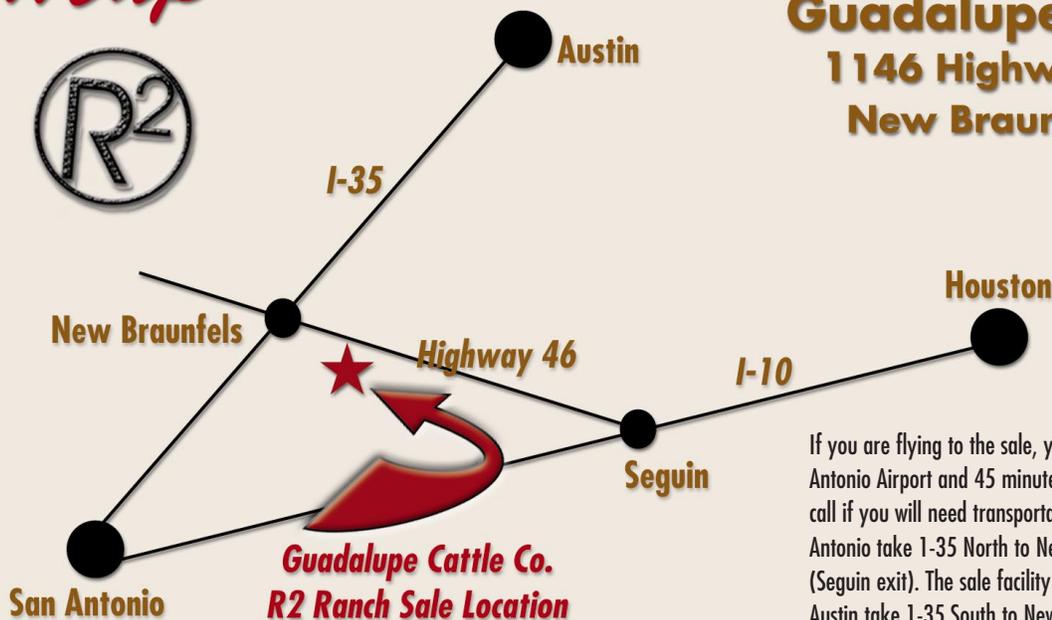

**13. SELLER'S SEMEN RIGHTS:** Any semen rights retained by the seller must be announced from the auction box at the time of the sale, if not already printed in the sale catalog.

## 14. RIGHTS AND OBLIGATIONS:

1. The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

2. Unless specially stated herein, neither the sale management nor the Red Angus Association of America shall have any liability for any event or occurrence related in any manner to this sale. All persons who attend the sale do so at their own risk. The seller, the owner of the sale facility, nor any person connected with the management of the sale assume no liability, legal or otherwise, for any accidents that may occur.

## Map

**Guadalupe Cattle Co.**
